

PRIVATE DEVELOPMENT CONCEPT

Urban Apartment House

A compact multi-family development concept for urban infill plots, presented as an example of Formara's focused 550-1,200 sqm development strategy.

USABLE AREA	APARTMENTS	GROSS TARGET	LIFECYCLE
738.6 sqm	**14**	**18-30%**	**12-24 mo.**

INVESTMENT THESIS

Designed to combine a meaningful apartment count with a contained project footprint. The model prioritizes a clear build-and-sell exit, controlled construction milestones, and a project-specific investment structure.
